Einhell Germany AG

POWER X CHANGE®

The innovative lithium-ion rechargeable battery system from Einhell

POWER TOOLS 2015/2016

Einhell

WELL DONE.

Einhell. Well done.

Based in Landau an der Isar in southern Germany, Einhell Germany AG is one of the world's leading suppliers of in-house developed and distributed solutions for DIY enthusiasts and trade professionals for use in the home, garden and for leisure purposes. For 50 years and in more than 40 countries, Einhell has provided professional expertise in its partnerships with retailers for the supply of hand-held power tools, stationary tools and machines including garden equipment and water technology.

With its tagline **"Einhell® WELL DONE"**, Einhell can increasingly claim to be blazing a trail in the development of innovative new products and technologies that impress customers with their outstanding value for money.

As a company, Einhell focuses on generating sustainable international growth as well as reinforcing its position in the market by supplying **„Brand Quality at the Best Price"**.

Einhell.
Brand quality and service.

- Our new multi-stage quality assurance system covers everything without exception: from audits of our production facilities around the world to our complete service for the end user.
- The Einhell RED Service covering the D/A/CH markets provides fast, all-round expert assistance and comes with a 10-year parts availability guarantee.

POWER X CHANGE®

ONE FOR ALL!

THE CLEVER BATTERY FOR WORKSHOP AND GARDEN.

German
Designed
Quality
Einhell Germany AG

BOOSTED BY
TWIN PACK®
2 x 18 V = **36 V / 3 Ah SUPERPOWER**

BUY ONCE, SAVE FOR EVER.

FREEDOM FROM CABLES.

THERE'S LOTS MORE TO IT!

MORE APPLICATIONS, MORE ENDURANCE.

The Power X-Change system rechargeable battery is available in 3 versions

1,5 Ah – standard capacity

3,0 Ah – double the capacity for ambitious projects

5,2 Ah – 4 times the capacity for maximum endurance – unparalleled in the DIY sector

MORE POWER.

Twin-Pack technology for maximum power:
For extremely energy-intensive applications 2 rechargeable batteries are simply used in one machine – e.g. in the lawn mower.
So the power comes from 2 x 18 V = 36 V – unique in the DIY sector.

BOOSTED BY
TWIN PACK®
2 x 18 V = **36 V / 3 Ah SUPERPOWER**

MORE SAFETY.

The Einhell ABS – Active Battery Management System – is setting the standard in terms of safety.
The temperature, current and voltage are constantly monitored, not only of the battery as a whole but also of each individual battery cell.
This is the maximum possible safety.

MONITORED BY
ABS Active Battery Management System

POWER X CHANGE®

YOUR CHOICE.

JOIN THE POWER X-CHANGE FAMILY.

EITHER...

you choose a starter KIT – comprising tool, rechargeable battery and charger:

Kit

...comprising:
tool, rechargeable battery and charger

...OR

you put together your own individual set:

Tool

Battery

Charger

€ BUY ONCE, SAVE FOR EVER.

NOW THE SAVINGS REALLY START TO MOUNT UP!

One way or the other – from now on you will only buy tools WITHOUT battery and charger!

POWER X-CHANGE

Amazing! One for all - all with one.

Florian Hertel
(Supply Chain Management, Einhell Germany AG)

Six months ago I started using the Power X-Change system developed by Einhell. Now I no longer have to spend time looking for the right battery for the tool I need – or for the right charger! ONE battery fits in ALL the tools. No hassle – and it saves time AND money!
Now work around the house and in the garden is more enjoyable and I can get on with the jobs more quickly.

Note: For safe handling of the products please refer to the instructions in the operating manual.

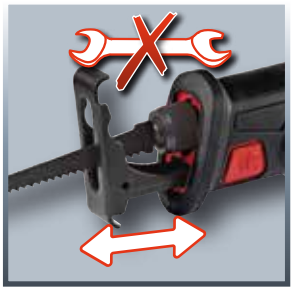
For universal use in gardens, workshops and on building sites

TRIATHLON MOTOR

The unrivaled Triathlon motor – power, speed and endurance



No tools required to change saw blade and adjust soleplate

Einhell Germany AG

TRIATHLON MOTOR

TRIATHLON MOTOR – HIGH-QUALITY MOTOR FOR EXCELLENT SCREW FITTING RESULTS

Power

Much more torque provided by 4-pole motor (2 magnets) instead of 2-pole motor with no increase in size – so it is small and handy yet still powerful!

Speed

Improved power transmission resulting in low speed loss under load. This means more torque and faster progress with jobs!

Endurance

The Triathlon motor is more efficient than standard motors and therefore boasts lower energy consumption and less wear. This means a longer battery life and therefore more screws fitted with every battery charge!

CORDLESS PENDULUM JIGSAW

With "Extreme Fix" Velcro fastening for quick and secure fastening of abrasive paper

Soft grip molded to the palm of the hand

Ultra-long burn time (up to 32 hrs)

Adjustable cone of light

Efficient dust extractor and filter box for added cleanliness

Robust solid metal impeller for smooth and quiet action

Variable angle adjustment

High luminosity

We put the screws on the price. But it can drill too...

Andreas Wieser
(Section Manager Product Tests/ Sample Store, Einhell Germany AG)

With my new Einhell lithium-ion cordless screwdriver I am always prepared for any job in the house and garden. Virtually no self-discharge and no memory effect! It always works to full capacity and it is small, light and handy. It is a pleasure to work with! Incidentally: my son absolutely loved his new playhouse!

Note: For safe handling of the products please refer to the instructions in the operating manual.

Li-Ion Power & Protection

LITHIUM-ION TECHNOLOGY FROM EINHELL

Ready for use at any time.

Rechargeable lithium-ion batteries are not afflicted by self-discharge. Nor do they suffer from memory effect. They can be charged without any problems at any time – even after a long period of disuse. Say goodbye to the days when a flat battery put paid to your project – always ready for action!

Full power.

The lithium-ion system guarantees that the full capacity is always available – all (battery) life long!

Small – light – handy.

Rechargeable lithium-ion batteries are much smaller and lighter than nickel-cadmium batteries of the same capacity. This makes light work of the various jobs – so you can work for hours without feeling the strain.

Special protection – long life.

Special protective mechanisms (e.g. continuous monitoring of voltage and temperature) lengthen the service life of Einhell rechargeable lithium-ion batteries.

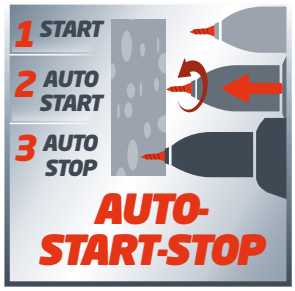
Robust aluminium gear head

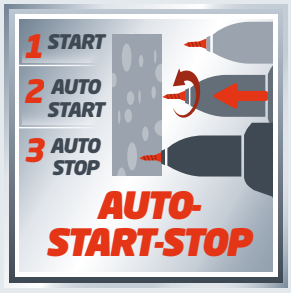
Precise screw depth adjustment



Auto start/stop gearing

Handy belt clip

Einhell Germany AG



AUTO-START-STOP

Fast - practical - powerful.

The Auto Start-Stop gear enables particularly fast screw operations. The motor is disconnected from the bit holder - the spindle only turns if the screw is pressed. The motor remains at the speed range and the screws are screwed in in next to no time.

Consistent screw depth - clean result.

The infinitely adjustable depth stop stops the screwing-in process, ensuring consistent and precise screw depths.

They make holes in walls and ceilings - not in your wallet..

Christian Boldinger
(Marketing Service,
Einhell Germany AG)

One of my friends has been building his own house for the last three months. Naturally I like to do my bit as a good friend and help him out at the weekends. My Einhell hammer drill always goes with me as my trusty weapon for long and arduous DIY missions. It keeps us in high spirits on the building site – and the house-warming party is fast approaching!

Note: For safe handling of the products please refer to the instructions in the operating manual.

PRESS CONTROL –
JUST THE RIGHT AMOUNT OF PRESSURE EVERY TIME

Fast drilling – less effort.

The TE-RH 32 E hammer drill has a very powerful pneumatic hammer action. The rapid drilling force is generated by the machine so the user only needs to apply slight pressure. The press control visual display indicates exactly how much pressure to apply for swift progress.

Fewer vibrations – less strain.

Excessive pressure does not speed up the drilling rate but only causes unnecessary vibrations. The press control function makes light work of drilling, making it more pleasant and less tiring for the user.

Less pressure – longer service life

The ability to control the pressure also reduces machine and tool wear. This lengthens the service life of the machine to a significant extent.

Grinding, cutting, saving – all with one tool.

Christoph Gaßner
(Marketing Management, Einhell Germany AG)

My little Einhell angle grinder is lightweight and compact. And practical! The spindle lock and tool-free wheel adjustment function make my work a pleasure. Last spring I made my own smoker and I hardly put the angle grinder down for a minute. No problem!
And the meat tastes twice as good from a home-made grill!

Note: For safe handling of the products please refer to the instructions in the operating manual.

Shave money off your home maintenance bills with a good plane.

Alexander Mock
(Purchasing, Einhell Germany AG)

I decided that my own hand-held plane had served its time and bought myself an Einhell electric plane. I have been using it to do jobs in and around the house for over six months. The plane is so easy to use and is so versatile that it is an indispensable tool in my workshop. The new summer house went up in next to no time, for example, although I did of course have some help from my other Einhell tools.

Note: For safe handling of the products please refer to the instructions in the operating manual.

Einhell saws simply make a darn good job of cutting.

Alexander Schweikl
(Intern. Product Management, Einhell Germany AG)

I bought myself the Einhell universal saw last fall when I needed to get our garden ready for the winter and used it to „trim" bushes and other shrubs. Since then I have been finding more and more uses for this incredibly versatile tool.
If I had known that it makes such fast and light work of everything, I would have bought this saw a long time ago!

Note: For safe handling of the products please refer to the instructions in the operating manual.

JIGSAW

A polished performance every time.

David Bachmeier
(Student on block release course, Einhell Germany AG)

A few weeks ago my future parents-in-law wanted to spruce up their garden furniture. I offered to do it for them with my trusty Einhell rotating sander. Exact speed setting, high surface removal rate, low dust generation – the tool is simply ideal for jobs like these!

The „restoration" took next to no time – but it left a lasting impression on my girlfriend's parents!

Note: For safe handling of the products please refer to the instructions in the operating manual.

GRINDING AND ENGRAVING TOOL

TH-MG 135 E

Mains connection	230 V ~ 50 Hz
Power rating	135 W
Speed	10000 - 32000 min $^{-1}$
Oscillating circuit	Ø 0.5 / 1.6 / 2.4 / 3.2 mm
Standard accessories	Flexible shaft 1 m, telescopic stand rod, 189 pcs. accessory set for drilling, polishing, grinding, cutting and milling, transport and storage case
Net weight | gross weight	0.7 kg | 2.5 kg
Packing dimensions	340 x 218 x 125 mm
Packaging unit	6
Article number	44.191.69
EAN code	4 006825 585315

DELTA SANDER

TH-DS 19

Mains connection	230 V ~ 50 Hz
Power rating	190 W
Vibrations	20000 min^{-1}
Oscillating circuit	1.2 mm
Sanding area	90 x 90 x 90 mm
Abrasive paper size	93 x 93 x 93 mm
Standard accessories	3 abrasive papers (P60, P80, P120), dust extraction adapter
Net weight | gross weight	1.1 kg | 1.2 kg
Packing dimensions	315 x 100 x 105 mm
Packaging unit	10
Article number	44.642.35
EAN code	4 006825 593167

Speed control electronics

Spindle lock

Velcro fastening for a quick change

Ergonomic, slim design

Soft grip

Telescopic stand rod and flexible shaft

Long durability

Incl. 3 abrasive papers

DELTA SANDER

TE-DS 20 E

DE: rating "Very good"

Mains connection	**230 V ~ 50 Hz**
Power rating	**200 W**
Vibrations	**13000 – 20000 min^{-1}**
Oscillating circuit	**2.0 mm**
Sanding area	**90 x 90 x 90 mm**
Abrasive paper size	**93 x 93 x 93 mm**
Standard accessories	**10 abrasive papers (5 x P 80, 5 x P 120), dust extraction adapter**
Net weight | gross weight	**1.2 kg | 1.5 kg**
Packing dimensions	**350 x 108 x 95 mm**
Packaging unit	**10**
Article number	**44.642.50**
EAN code	4 006825 580686

Perfect ergonomics and low vibrations

Soft grip

With Velcro fastening
for standard abrasive paper

Speed control electronic

Note: For safe handling of the products please refer to the instructions in the operating manual.

ECCENTRIC SANDER

TC-RS 38 E

Mains connection	230 V ~ 50 Hz
Power rating	380 W
Vibrations	12000 – 26000 min^{-1}
Oscillating circuit	2.0 mm
Sanding area	Ø 125 mm
Abrasive paper size	Ø 125 mm
Standard accessories	Dust collection bag, 1 abrasive paper
Net weight | gross weight	2.0 kg | 2.2 kg
Packing dimensions	305 x 123 x 188 mm
Packaging unit	10
Article number	44.621.65
EAN code	4 006825 603811

ECCENTRIC SANDER

TE-RS 40 E

Mains connection	230 V ~ 50 Hz
Power rating	400 W
Vibrations	12000 - 24000 min^{-1}
Oscillating circuit	2.5 mm
Sanding area	Ø 125 mm
Abrasive paper size	Ø 125 mm
Standard accessories	Dust collection box, transport and storage case
Net weight | gross weight	2.1 kg | 3.7 kg
Packing dimensions	437 x 148 x 260 mm
Packaging unit	4
Article number	44.620.00
EAN code	4 006825 590661

Simple and fast sandpaper attachment

Large, ergonomic handle surfaces for comfort

Speed control electronics

Dust collection box with filter

With efficient dust extractor and connection for vacuum cleaner

Rotary motion achieves a high rate of material removal

Durable sturdy construction

Rotary motion achieves a high rate of material removal

BELT SANDER

TC-BS 8038

Mains connection	230 V ~ 50 Hz
Power rating	800 W
Belt speed	380 m/min
Sanding area	76 x 142 mm
Sanding belt size	76 x 533 mm
Standard accessories	1 sanding belt (P80), dust collection bag
Net weight | gross weight	3.4 kg | 3.7 kg
Packing dimensions	370 x 155 x 173 mm
Packaging unit	6
Article number	44.662.60
EAN code	4 006825 598360

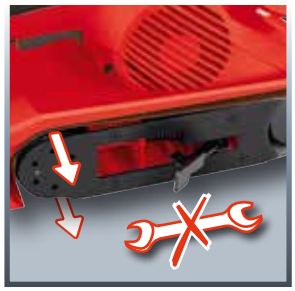
BELT SANDER

RT-BS 75

DE: best tool of the year 2011

DE: rating "Good"

Mains connection	230 V ~ 50 Hz
Power rating	850 W
Belt speed	300 – 400 m/min
Sanding area	75 x 140 mm
Sanding belt size	75 x 533 mm
Standard accessories	1 sanding belt (P80), dust box, dust extractor adapter
Net weight | gross weight	3.3 kg | 3.8 kg
Packing dimensions	414 x 175 x 175 mm
Packaging unit	4
Article number	44.662.30
EAN code	4 006825 537307



Easy, tool-free belt change

Precise belt adjustment

Variable belt speed

Folding front cover

Ergonomically designed for a secure hold

Rotary motion achieves a high rate of material removal

Adjustable additional handle

Dust collection box with filter

Note: For safe handling of the products please refer to the instructions in the operating manual.

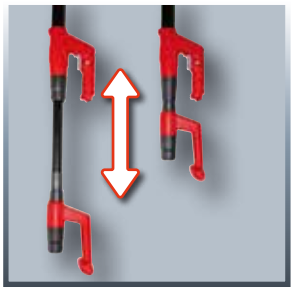
DRYWALL POWER SANDER

TC-DW 225

NEW!

Mains connection	230 V ~ 50 Hz
Power rating	600 W
Speed	600 – 1500 min^{-1}
Abrasive paper size	Ø 225 mm
Length	110 cm – 165 cm
Hose length | cable length	4.0 m | 4.0 m
Standard accessories	6 sanding disks, transport and storage case
Net weight | gross weight	3.2 kg | 8.9 kg
Packing dimensions	710 x 340 x 220 mm
Packaging unit	1
Article number	42.599.30
EAN code	4 006825 601671

Movable grinding head – adjusts to any pitch and angle



Long handle with tool-free telescopic action – carrying out work on high walls is no problem

Collapsible long handle – folded in for storage and folded out ready for use in an instant

Stand specially designed to prevent kinks from forming in the suction hose
